2 April 1990

Dear Hilary

STANDING COMMITTEE MEETING ON BSE

Thank you for your letter. The meeting was initiated by Professor Clarence Gibbs and he decided the membership of the unofficial committee and invited the attendance of speakers and observers. We at CVL merely arranged the visit and hosted the meetings.

I am enclosing the programme and a draft note that is intended to be published in the Veterinary Record.

No papers were presented by our American guests and none covered the subject of pharmaceuticals. The proceedings on BSE R and D were in confidence. If you require any further information please give me a call.

Yours sincerely

R BRADLEY

cc Mr A Lawrence
