

Dr D J Hine

ALLEGED CASE OF CREUTZFELD JAKOB DISEASE:

1. - (Medical Director, _____ Hospital) contacted me this morning to say that the results of the brain biopsy had now been received from Edinburgh, and there is no evidence of CJD.
2. A press release is being prepared.
3. It is likely that the patient will now be transferred to the Community Unit.
4. Mrs George (Public Health 3) has been informed.
